

EUROPEAN VETERAN INDOOR RECORDS 2004

15.07.2004

Compiled by Ivar Söderlind, statistican of EVAA

When two or more results are noted in one age group and event the first noted result is the official record. Only results with all tasks reported (Birth Date, Date and Place for the Competition) are approved as official records. Only electrical time is accepted for distances up to and including 400m. For distances from 200m and more the track round must be 220yards (201.168m) or shorter. I have noted if the European Records in this list are World Records or better than the Official Word Records.

Please check the list given below and help me to make it more complete All new records must be reported by a Record Application (preferably EVAA:s Record Application)!

= The track round is more than 220 yards (201.168m) (no official record).

* = new or modified records 2004
