

# European Veteran Records in Nyiregyháza, Hungary 2010

compiled by Ivar Söderlind, Statistician of EVAA (preliminary list 250810)

In European Veterans Championship 2010 I have noted 20 World Records, 34 European Records and 103 Championship Records. In the heat (more than 30 degrees above zero) it was hard to break records in the long and medium distances.

In Nyiregyháza it was broken more records compared with the latest EVACS in Ljubljana, Slovenia 2008 when it was totally 10 World Records, 21 European Records and 94 Championship Records.

Most records ever in EVACS:s history was set up in Aarhus/Randers 2004 with 45 World Records, 64 European Records and 181 Championship Records. It will be hard in future to exceed these figures from 2004.

My statistician colleague and friend Ove Edlund, Sweden, has worked hard with combined events and has now finalized the update of all record lists. Within some days I will put all updated European Outdoor Record Lists in EVAA Website (Championship Records, Stadia Records and Non Stadia Records).

Observe that it is absolutely necessary to register all results and scores for the separate events in combined events. It is especially important now when all new Age Factors are introduced.
