

EUROPEAN MASTERS INDOOR RECORDS 2016

compiled by Ivar Söderlind, EMA Record Statistician

250316

I have soon worked with the European Records in 28 years (started in July 1988), Since June 2000, when I and the Swedish webmaster Åke Runnman started the EVAA Web Site, I have also compiled and reported the European Records on Web Site.

In 2012 we started the Data Base of the European Records in EVAA Website. I really believe that the Data Base and the EMA Record Team with me, Giusy Lacava from Italy and Miroslaw Luniewski from Poland is a step in the right direction in pace with times. In December 2015 Miroslaw was succeeded by Fernando Marquina from Spain

I will as all my previous years as Record Statistician, continue to report on the new EMA Web Site and also send out my printable record lists with my notes to my contact friends some times a year, all with the aim to have the record list more complete. Please check the list given below and help us in the Record Group.

In 2016 up to March 25 we have registered 14 European Records (7 World Records) . We have 5 more results (a) which shall be ratified as European Records when/if all record forms/documents are received and ratified by EMA.

In 2015 up to December 31 we registered 50 European Records (32 World Records). In 2014 we registered 77 European Indoor Records (50 World Records and in 2013 40 European Indoor Record (20 World Records).

In the European Master Championship Indoors in Torun, POL March 23-28 2015 we noted 20 European Indoor Records and 14 of these records also were World Records.

Remember when you report new Pentathlon Records to include the results for all the five events and not only the points (see in the new EMA application). From January 2014 we also have new age factors for scoring of some Combined Events. All records which are affected by the new age factors for Pentathlon Indors are updated.

Observe that for Weight Throw it always must be Weight Throw indoors, not outdoors in an Indoor Championship!! When two or more results are noted in one age group and event the first noted result is the official record. Only results with all tasks reported (Birth Date, Date and Place for the Competition) are approved as official records. Only electronically timing is accepted for all distances in the Record List. For distances from 200m and more the track round must be 220yards (201.168m) or shorter.

New records must be reported by EMA:s Record Application! Take copies of the application from the EMA Web Site and also send the Result Card or a copy of the official Result List to us, preferable by mail as an attachment. If the European Record also is a World Record, I will inform the WMA Records Chairperson, for their approval.

A copy of "photo finish" and "zero control test" are required for events with Fully Automatic Timing. "Zero control test" means that the Record Application must be accompanied by an electronic photo of the gun shot that shows that the clock starts just when you see the mouth of the flame, ie, one must above all prove that the clock does not start later, which would provide for a better time.

Results from European Masters Championships - EMA (Stadia/Non Stadia/Indoors) and results from WMA Championships are not necessary to report to EMA. We in the Record Working Team also have control over the results from international competitions sanctioned by IAAF or EAA and figuring in the IAAF and EAA Calendars. If IAAF and EAA accept results that are made in accordance with their regulations, we need no further checks

= the track round is more than 220 yards (201.168m) (no official record).

* = new records registered 2015 * = new records registered 2016

a)= the record will be ratified when all record forms are received and registered by EMA

EMC = record noted in European Masters Athletic Championships Indoors

EVC = record noted in European Veteran Athletic Championships Indoors

WMA = record noted in WMA Championships Indoors

EC = record noted in European Championships Indoors
