

# EUROPEAN MASTERS OUTDOORS RECORDS 2015

## compiled by Ivar Söderlind, EMA Record Statistician 151224

I have worked with the European Records in more than 27 years (started in July 1988). Since June 2000, when I and the Swedish webmaster Åke Runnman started the EVAA Web Site, I have also compiled and reported the European Veteran Records on EVAA/EMA Web Site.

In 2012 we started the Data Base of the Championships Records in EVAA Website. I really believe that the Data Base and the EMA Record Group with me, Giusy Lacava from Italy and Mirosław Luniewski from Poland is a step in the right direction in pace with times. I will as all my previous 27 years as EVAA/EMA Record Statistician, and after a short delay, continue to report on the Web Site and send out my printable record lists with my comments to my contact friends some times a year, all with the aim to have the record list more complete. Please check the list given below and help us in the Record Team to make it more complete.

**In 2015 up to December 24 we have registered 73 European Records (41 World Records). In the WMA Championships in Lyon we registered 48 European Records (24 European World Records). We also have 7 more results (a) which shall be ratified as European Records when/if all record forms/ documents are received and ratified by EMA.**

In 2014 we totally registered 61 European Outdoor Records (37 World Records). In 2013 we totally registered 45 European Outdoor Records (34 World Records), in 2012 80 European Outdoor Records (50 World Records) and 2011 49 European Outdoor Records (32 World Records). In 2010 we changed in the Record Lists because of new equipments, weights, hurdles distances etc. In K70+ and M80+, 300m hurdles have been replaced by 200 m hurdles (hurdle height 68.6 cm). In the European Record Lists we will for a while present both old records (in 300m hurdles) and the new records (in 200m hurdles). In K75+ the weight in shot put and hammer dropped from 3.0 kg to 2.0 kg and in weight throw it dropped from 5.45 to 4.0 kg. The old records in these throw events will be left up until it is better results with the new weights.

From January 2014 we also have new age factors for scoring of Combined Events (Throw Pentathlon, Pentathlon, Heptathlon and Decathlon). Age Factors have 2014 been conditionally calculated without any performances existing and are therefore adjusted and redefined: Hammer-Factor (new weight) for Age Category M80+, Hammer-Factor (2,0 kg/Women), Shot Put-Factor (2,0kg/Women) and Heavy Weight-Factor (4,0kg/Women) for Age Category W75+. All records which are affected by the new age factors are now updated.

Observe that IAAF:s rules concerning the winds in Multievent competitions were changed in the congress at the World Championships in Berlin 2009 and the 4.0 m/s limit is not valid anymore! The only rule is the average of 2.0 m/s taken over all wind measured events. Remember when you report new Multievent Records to include the results for all the events and not only the points (see in the EMA application).

A copy of "photo finish" and "zero control test" are required for events with Fully Automatic Timing. "Zero control test" means that the Record Application must be accompanied by an electronic photo of the gun shot that shows that the clock starts just when you see the mouth of the flame, ie, one must above all prove that the clock does not start later, which would provide for a better time.

When two or more results are noted in one age group and event the first noted result is the official record because it is missing some tasks for the second result. Only results with all tasks reported (Birth Date, Date and Place for the Competition etc) are approved as official records. For 100m, 200m, the short hurdle distances, long jump and triple jump outdoors only results reached with up to 2.0 m/sec are accepted (wind-gauge is definitely necessary). It must be electrical times (not manual) for records in 100m, 200m, 400m, short and long hurdles and from 2013 also for 800m.

We have noted if the European Records are Official World Records. Notice that EVAA has decided that only events which are in the program for European Championships will be in the Record List (with exception of 3000m).

New records must be reported by EMA:s Record Application! Take copies of the application from the EMA Web Site and also send a copy of the result lists to us, preferable by mail as an attachment. If the European Record also is a World Record, I will inform the WMA Records Chairperson, for their approval.

Results from European Veteran Championships - EMAC (Stadia/Non Stadia/Indoors) and results from WMA Championships are not necessary to report to EMA. We in the Record Working Group also have control over the results from international competitions sanctioned by IAAF or EAA and figuring in the IAAF and EAA Calendars. If IAAF and EAA accept results that are made in accordance with their regulations, we need no further checks
